

## GLASS CURRENCY BILL APPROVED

Administration Bill Emerges  
from the Democratic Confer-  
ence of House Committee

APPROVED BY VOTE OF 11 TO 3

Differences Among Democrats of the  
Committee Are Not Settled by Action  
But Will Be Carried to Floor of Caucus

WILL FIGHT FOR AMENDMENTS TO BILL

WASHINGTON, Aug. 5.—The administration currency bill, still further amended in important particulars, emerged from the Democratic conference of the house banking and currency committee today, over the protests of Representatives Neely of Kansas, Eagle of Texas and Ragsdale of South Carolina. At the end of a lively session, in which the Democratic objectors promised to carry their fight to the floor of the caucus next Monday, the Glass bill was approved by a vote of 11 to 3. Earlier in the day President Wilson's currency program had come in for open criticism in the senate. Senator Hitchcock, Democratic member of the currency committee of that body, in a speech directed against the plan for currency reform, at this session said he believed the "mere agitation of the banking and currency question at this session has been a mistake."

The differences among Democrats of the house committee were not settled by final action on the bill. Besides the three who voted against it, Representative Neely said tonight, "a motion was passed authorizing the chairman to draft an amendment authorizing national banks to organize trust departments in conjunction with the other features of the bank."

"This is an entirely new provision, exceedingly radical in the changes wrought in any considered portion of the bill and tends to centralization of power to a high degree. It certainly should never have been adopted without careful consideration."

## BOX MANUFACTURER IS ACQUITTED OF CHARGE

David G. Maxwell of Chicago Produces Alibi and Testimony is Backed by Other Witnesses

Chicago, Aug. 5.—David G. Maxwell, a wealthy box manufacturer, was acquitted this afternoon on a charge of contributing to the delinquency of two little girls.

"I never spoke to these children in my life," declared Maxwell, testifying in his own behalf. "Their statements are absolutely false."

Through his testimony and that of other witnesses, Maxwell produced an alibi covering the entire afternoon and evening of July 29, when he is accused of having taken the girls into the basement of his shop. Several witnesses testified as to Maxwell's good character.

## BULL ON TRACK CAUSES DERAILMENT OF FREIGHT TRAIN

Fireman and Brakeman Are Killed  
When Washburn Hog Train Is  
Thrown Off the Track

Des Moines, Iowa, Aug. 5.—Two men were killed and two injured when a bull on the track caused the derailment of a Washburn freight train loaded with hogs, near Runnels, Iowa, today.

The dead: Henry Lang, Des Moines, fireman; Arthur Cobb, Moulton, brakeman; Engineer Frank Lewman and Brakeman Elmer Childs of Moulton were seriously injured. About two miles north of Runnels, the train struck the animal which apparently was asleep on the track.

## SUICIDE IDENTIFIED.

Sedalia, Mo., Aug. 5.—The body of a man who committed suicide by jumping from a Missouri, Kansas & Texas passenger train near Clifton, Mo., yesterday was identified positively today as that of Oscar Hedrick, son of Calvin Hedrick of Story, Ind. The coroner's inquest found no cause for suicide and attributed Hedrick's act to temporary insanity caused by extreme heat.

## DROWNS IN JAR OF VINEGAR.

Paris, Ill., Aug. 5.—Falling into an eight gallon jar of vinegar, Lester, 2-year-old son of George David, a farmer, was drowned this afternoon before the mother could rescue him. The child fell in head foremost only the feet being in view when he drowned.

## ATTORNEY FOUND DEAD.

Des Moines, Ia., Aug. 5.—Charles A. VanVleet, a prominent attorney, was found dead in the basement of his home here today when firemen responded to put out a fire which had started from some unknown cause.

## PRESIDENT GOMEZ LEADS HIS FORCES

VENEZUELAN EXECUTIVE WILL LEAD  
ARMY TODAY TO MARACAÍ

Government Fighting Force Comprising Seven Thousand Men Will Operate Against the Rebel Followers of Ex-President Castro, Who Is Reported to Have Under His Command 12,000 Men.

CARACAS, Venezuela, Aug. 5.—An army of 7,000 men comprising three brigades divided into seven regiments of infantry and one of artillery, left Caracas today to operate against the rebel followers of Ex-President Cipriano Castro. The brigade commanders are General Emilio Fernandez, General David Gimon and General Torrella Urquola. General Felix Galavis has been appointed chief of staff. A medical corps with sisters of charity acting as nurses accompanied the government's fighting forces. President Juan Vicente Gomez will leave the capital tomorrow and lead the army to Maracaibo on the railroad fifty miles southwest of Caracas. During his absence campaigning, Dr. Jose Gil Fortoul, president of the federal council will act as chief executive.

An unknown steamship which is presumed to belong to Castro, is reported to have passed LaGuaira today.

Telegraphic communication between Caracas and Maracaibo is interrupted.

## Enthusiastically Received.

Port of Spain, Trinidad, Aug. 5.—Ex-President Cipriano Castro, in his revolutionary campaign to overthrow the Gomez administration and regain the presidency of Venezuela, has under his command, according to latest advices received here about 12,000 men.

Castro is reported to have been received enthusiastically when he landed at Coro, in the state of Falcon. He is now said to be marching against Barquisimeto, capital of the state of Lara, at the head of four thousand men.

Two of Castro's adherents, General Rosaro Gonzales and General Penuela, who crossed into Venezuelan territory from the Colombian frontier with 3,000 followers, are reported to be augmenting their rebel army as they proceed through the island towns.

Generals Naves and Azaola, two of Castro's lieutenants operating in the state of Zulia, are leading 2,500 men against Maracaibo capital of the state and the principal seaport of Venezuela.

## CHICAGO POLICE WOMEN ATTRACT CURIOUS THROGS

Uniformed Policemen Rescue the  
Women From Crowds—Two Others  
Get Lost on South Side.

Chicago, Aug. 5.—The ten women assigned to duty on the regular Chicago police force began their work today. Whenever they went out in crowds gathered and so great was the throng in one instance that plainclothes men and even uniformed patrolmen were needed to extricate the women.

The policewomen were selected because it was thought they might be able to detect certain crimes which male policemen might overlook. Two women, assigned to the Hyde Park station on the South Side, lost their way and turned up the Woodlawn station, a mile distant. In one of the crowded West Side tenement districts such a crowd pursued the women that they took refuge in the quiet of the Maxwell street police station.

## EAST OPPOSES THE WEST IN FINAL DOUBLES TOURNAMENT

Eastern Champions Defeat Westerners  
in Great Exhibition of Tennis  
in Semi-finals.

Chicago, Aug. 5.—Coast will oppose east in the final of the sectional doubles tournament at Onondaga tomorrow. In the greatest exhibition of tennis ever played in the west, Gustave eastern champion today defeated Heath Byford and Ralph Burdick, the western champions, 6-4, 5-7, 6-3, 9-7.

In a match noted in contrast for its one-sidedness and lack of brilliancy, Clarence Griffin and John Strachan, the Pacific champions, disposed of Robert Shelton and J. B. Adou.

## EXTEND JURISDICTION.

Bloomington, Ill., Aug. 5.—The Journeymen Tailors' International union in convention here today voted to extend its jurisdiction to include all workers, male or female, who are engaged in the tailoring industry and in the cleaning, dyeing and pressing establishments.

This would take in 62,000 members of the Garment Workers' union and 93,000 members of the lady garment workers. The Journeymen Tailors' union has 12,000 members.

## REPORT PRESIDENT DEAD.

Paris, Aug. 5.—A rumor current here tonight, which is said to have originated in Spain, is that Manuel de Arriaga, president of the Portuguese republic died three days ago but that the government is withholding the announcement from the people. President DeArriaga has been seriously ill for some days with kidney and heart trouble.

## LIND CARRIES BROAD POWERS

President's Representative to  
Mexico Said to Carry Much  
Power for Delicate Task

HAVE CONFIDENCE IN ENVOY

Wilson and Secretary Bryan Rely On  
Discretion and Tact of Their Agent and  
Have Confidence That He Will Succeed

MUST OVERCOME MEXICAN PRIDE

WASHINGTON, Aug. 5.—With former Governor John Lind of Minnesota on his way to Mexico City as the personal representative of President Wilson, the eyes of the administration today were turned expectantly to the capital of the southern republic for the next developments. Secretary Bryan expects Mr. Lind to be in Mexico City by the end of the week. Little information was divulged at either the white house or the state department as to the character of the mission entrusted to Lind but the general understanding in official circles is that he carries broad powers for a most delicate task.

Administration officials will not admit that Mr. Lind is to attempt to mediate between the Huerta government and the revolutionists or even directly endeavor to bring about a settlement. There is, however, less secrecy about the results desired than the method by which they are to be obtained. It is openly admitted that the retirement of Huerta in favor of a provisional president acceptable to both sides, who would conduct constitutional elections and set up a government to which the United States would extend recognition is the thing the American government would like to see happen.

The Mexican constitutionalists here are silent about the prospective mission of Mr. Lind and while private opinion of them do not like the idea of foreign interference in Mexican politics, any movement that has for its aim the uprooting of the Huerta regime meets with their approval. Officials realize the delicacy of the work before Mr. Lind and are fully aware that the strongest obstacle he will encounter will be the national pride of the Mexicans. President Wilson and Secretary Bryan, however, are relying on the discretion and tact of their envoy with a high confidence that his mission will be successful.

## Refrain From Comment.

Mexico City, Aug. 5.—The appointment of John Lind of Minnesota as personal representative of President Wilson and "adviser" to the American embassy in Mexico City, is regarded here as tantamount to his selection as successor to Henry Lane Wilson.

Mr. Lind is practically an unknown quantity among the American colony. Mexican officials refrain from making any comment on his appointment, giving as an excuse the unofficial character of his position and a lack of knowledge of the man.

## ELEVEN VENIREMEN ARE "PASSED" IN TRIAL OF MAURY DIGGS

Attorneys Believe White Slave Case  
Will be Concluded by Thursday.

San Francisco, Aug. 5.—Eleven veniremen, temporarily "passed" by both prosecution and defense, sat in the jury box at the close of the first day of the trial of Maury I. Diggs of Sacramento, former state architect, charged with violation of the Mann white slave act. The case is being handled for the government by Mat I. Sullivan and Theodore Roche, appointed special prosecutors by President Wilson after United States District Attorney John L. McNab resigned, charging the department with oblige A. Caminetti, commissioner of immigration, whose son, Drew Caminetti, is to be tried as soon as the Diggs trial ends. The alleged offenses—specifically, taking two young girls to Reno, Nev., improperly—were committed by the two men acting together, the state charges.

Two of the counsel for the defense, Robert T. Devlin and Marshall Woodworth, are former United States district attorneys. Nothing was indicated in the examination of jurors by Diggs' counsel that would disclose the line of defense to be followed.

Attorneys for both sides were inclined to the belief today that the case would be concluded by Thursday.

## SEEK TO AVERT STRIKE.

Chicago, Aug. 5.—Strike of the employees of the Aurora, Elgin and Chicago interurban electric road has been averted for a few days by the agreement of the labor leaders to attempt all peace measures before the men walk out. The strike is said to have been authorized at a meeting of the men last night but the offer to negotiate is expected to postpone a walkout at least a week.

## APPROVE BOND ISSUE.

Jefferson City, Mo., Aug. 5.—The public service commission today approved the issuance of \$81,000 in tenement bonds of the Chicago and Alton railroad.

## WILL RECRUIT SIX HUNDRED DEPUTIES

SHERIFF IS AUTHORIZED BY SUPER-  
VISORS TO HIRE AS MANY AS NEEDED

Will Use Every Effort to Control  
Copper Miners' Strike Situation  
—Union Circles Rejoice in the  
Arrival of "Mother" Jones and  
Report of Federal Investigation.

CALUMET, Mich., Aug. 5.—Sheriff James Cruise was today authorized by the supervisors of Houghton county to hire and arm as many deputies as he desires to handle the copper miners' strike situation. In consequence, the sheriff announced that he will tomorrow recruit an army of six hundred assistants and intimated that if local men would not except commissions that outsiders would be sworn in.

Union circles today rejoiced over the arrival of "Mother" Jones and the word from Washington that Walter B. Palmer had been detailed by the department of labor to investigate industrial conditions in the copper country. The former spent the day familiarizing herself with the situation in preparation for a speech at a mass meeting tomorrow. Union officials advanced the belief that Mr. Palmer's inquiry may result in a solution of the strike. They were firmly convinced that their cause will be advanced by a federal investigation. The first serious accident among the troops came to light today when Orol Green, a private in Battery A, Lansing, was operated on at a hospital. He was kicked by an horse yesterday and so severely injured that the military surgeons said he had little chance to survive the night.

## Miners Vote to Strike.

Farmington, Mo., Aug. 5.—By an overwhelming majority the lead miners of St. Francois county, numbering more than four thousand, today voted to strike to enforce their demands for a rise in wages of 50 cents a day. The executive committee of the Western Federation of Miners will meet tomorrow night to decide when the strike order shall become effective.

Simultaneous with the strike vote the lead companies throughout the district began preparations to close their mines. The superintendent of one of the mines said the mules and machinery would be hauled to the surface and the mines would be allowed to fill with water. In addition to the wage increase the miners demand recognition of their union.

## WOMAN FOUND IN APARTMENT SAYS SHE ENTERS PLACE TO GUARD IT

Rooms Had Been Ransacked by  
Burglar and Jewelry Box Is  
Found Empty.

Chicago, Aug. 5.—Mrs. Paulina Day, 25 years old, was found in an apartment which had just been ransacked by a burglar here today and was held by the police pending interment of the place to guard it when she saw a suspicious looking man run from the door.

Mrs. Day was surprised in the apartment by Mrs. Anna Dunning and her daughter, Evelyn, who had been away during the forenoon. After giving her explanation she started to walk away but when Mrs. Dunning found that her jewelry box had been ransacked and its contents with the family silver packed up for removal, she hurried after Mrs. Day.

Mrs. Day gave several names, but finally admitted her own to the police. Her husband is a teamster out of employment.

## BANDITS ROB MAIL CAR ON FAST NORTH BOUND L. & N. TRAIN

When Train Arrives in Birmingham  
The Two Mail Clerks Are Found  
Handcuffed Together and All Registered Mail Stolen.

Birmingham, Ala., Aug. 5.—The mail car on fast Louisville & Nashville passenger train No. 4, northbound from New Orleans, was boarded and robbed early tonight by two unknown white men, who held up the mail clerks. All the registered mail was taken but no estimate could be made tonight of the amount obtained.

The train reached Birmingham on time at 8:37 o'clock and two of the mail clerks, George Hoover and Everett G. York, were found handcuffed together in such a way that the iron bars would be useless, because all foreign cars would be brought in at the 30 per cent rate in parts. Senator Thomas for the finance committee said he could see no clarity if all automobiles came in at 30 per cent. The other rates, Senator Cummins asserted were a "mere pretense" and he advocated a flat duty on all automobiles of 25 per cent. The discussion continued at some length and at its conclusion rates in sections considered remained about as originally reported.

## Postpone Amendment.

A constitutional amendment prohibiting the sale of all alcoholic beverages was postponed in a resolution issued today by Representative Hobson of Alabama.

## Is Severely Criticized.

Postmaster General Burleson's plan for extension of the parcel post and the lowering of the rates came in for severe criticism in the house today from Representative Kindel of Colorado one of the two congressmen called in by Mr. Burleson as consultants in his revision plan.

## TUESDAY IN CONGRESS.

### Senate.

Met at noon.  
Resumed debate on tariff bill.  
Senator Saulsbury spoke briefly and warned against waste of time in general debate.  
Former Senator Foraker was principal witness before lobby investigation committee.

Vice-president Marshall received request from President Wilson asking congressional permission to receive a statue of William Pitt from British admirers.  
Senator Hitchcock in speech openly opposed any currency legislation at this session.

Senator Owen replying to Hitchcock was cut short by point of order made by Senator Hoke Smith, who insisted the tariff bill was before the senate.  
President sent several nominations for confirmation, including that of Paul S. Reinsch as minister to China.

### House.

Representative Levy introduced resolution asking Secretary McAdoo to furnish list of all transfers of government bonds since July 1st.

House lobby committee began its investigation with Louis Selholds first witness.

Recognition of "a state of public war in Mexico" and of American neutrality between the belligerents demanded in resolution introduced by Representative Stephens, Texas.

Representative Britton introduced resolution for an emergency appropriation "sufficiently large to begin immediate construction of three additional battleships."

Agreed that currency bill should have right of way Friday if it was ready and that Hetch-Hetchy bill should be considered Friday.

Representative Kindel spoke on parcel post rates and regulations.

Representative Linthicum introduced resolution to appropriate \$50,000 to re-fit frigate Constellation and transfer it to Baltimore.

Representative Hobson introduced resolution proposing constitutional amendment to prohibit sale of alcoholic liquors.

Adjourned at 1:57 p. m., until noon Friday.

WASHINGTON, Aug. 5.—Senate Democrats succeeded today for the first time in speeding up consideration of the tariff bill making considerable progress in the metal schedule despite protests of Senators Oliver, Smith of Michigan, Cummins and Smoot against many of the rates.

Chief opposition centered in the rates on automobiles which the committee fixed at 15 per cent on cars valued at \$1,000 or less, 30 per cent on cars valued at more than \$1,000 and less than \$1,500, forty-five per cent on cars valued at \$1,500 and over 30 per cent on automobile parts.

Senators Cummins and Smoot both insisted that the rates on completed cars would be useless, because all foreign cars would be brought in at the 30 per cent rate in parts. Senator Thomas for the finance committee said he could see no clarity if all automobiles came in at 30 per cent. The other rates, Senator Cummins asserted were a "mere pretense" and he advocated a flat duty on all automobiles of 25 per cent. The discussion continued at some length and at its conclusion rates in sections considered remained about as originally reported.

A constitutional amendment prohibiting the sale of all alcoholic beverages was postponed in a resolution issued today by Representative Hobson of Alabama.

Postmaster General Burleson's plan for extension of the parcel post and the lowering of the rates came in for severe criticism in the house today from Representative Kindel of Colorado one of the two congressmen called in by Mr. Burleson as consultants in his revision plan.

Mr. Kindel declared the entire plan of extension of the parcel post had been worked out by a commission of four \$2,500 clerks none of whom "could run a corner grocery for me."

The new rates in the first and second zones are much too low. Mr. Kindel contended in comparison with the rates for the other zones. He criticized particularly that packages can be shipped four times under the short rates under the long distance charges.

## WILL BEGIN SUITS TO RECOVER FEDERAL TAXES

SUITS WILL BE BEGUN AT CHICAGO  
AGAINST OLEOMARGARINE MEN

Attorney General McReynolds Will  
Be Requested Today to Proceed in  
Accordance With Recommendations  
of Grand Jury to Recover  
\$800,000 Taxes.

WASHINGTON, Aug. 5.—Suits to recover \$800,000 of federal oleomargarine taxes will be begun soon at Chicago against prominent packers and other oleomargarine manufacturers. Commissioner of Internal Revenue Osborn today stated that he would request Attorney General McReynolds tomorrow to proceed in accordance with recommendations of a Chicago grand jury, which recently investigated the situation. The grand jury criticized the previous administration of the treasury department for compromising a million dollar oleomargarine claim for \$101,000 and found that there were other cases, outside the date of the compromise in which the government was said to have lost a large sum because the manufacturers were alleged to have paid only the tax of uncolored oleomargarine when their product was colored. The suits, it was announced, will be directed against G. H. Hammond company, Fridman Manufacturing company, Moxley & Co., Armour & Co., all of Chicago, and several smaller concerns outside of that city.

The tax on uncolored oleomargarine is 14c per pound and on colored 10c per pound.  
The decision to institute the suits, which relate to sales prior to June 1911, followed a conference today between Commissioner Osborn and United States Attorney Wilkerson of Chicago.  
Commissioner Osborn said that the question of criminal prosecutions had not yet been considered.

## FORMAL CHARGES WILL BE MADE AGAINST THORINGTON

Is Held in Connection With Chevalier  
Murder and as Result of Work  
of the Bloodhounds.

Kirkville, Mo., Aug. 5.—A formal charge will be placed against Henry Thornton tomorrow in connection with the murder of Miss Ivy Chevalier and her twelve-year-old daughter, Ella, Monday morning. It was announced by prosecuting attorney Weatherly here tonight. His statement followed the work of two bloodhounds, who today twice followed a trail from the Chevalier home to Thornton's lodging place, after they had been given the scent from a club with which the woman and her daughter were murdered following a brutal assault in their home.

Tonight Thornton is on the verge of a collapse in the jail at Macon, Mo., where he was rushed in an automobile by Sheriff Willis before the result of the dogs' work became known, in order to avert violence by the mob.  
Thornton himself testified he went to Mrs. Chevalier's home Sunday night and finding it closed went to a prayer meeting she was attending. At Thornton's home the dogs pushed to a bedroom where the officers found blood stains on the bedclothes. They were taken back and repeated the performance. They then went from the house to the Washburn railroad tracks, where Thornton was seen Monday morning.

## ST. LOUIS TELEPHONE WORKERS STRIKE IS REPORTED SETTLED

All Maintenance Men Will be Taken  
Back as Fast as Vacancies Occur

St. Louis, Mo., Aug. 5.—Settlement of the seven weeks strike of maintenance men and girl operators of the Southwestern Telephone and Telephone company was announced this afternoon after a stormy meeting of the strikers.

The strike was caused by the discharge of thirty-two operators, who it was claimed, had been dismissed because of union activity.  
About 10 or 15 of these girls, it is announced, will not be taken back. All the maintenance men who struck will be taken back as fast as vacancies occur, but none of the men who were engaged to take their places will be discharged. It is expected that work will be found for all by October.

## RECEIVERS APPOINTED

Buffalo, Aug. 5.—Receivers were appointed for the new state steel company in federal court today. The company defaulted on the interest of \$3,350,000 outstanding bonds due April 1.

The through rate on 100 pounds from Chattanooga to Washington, he said, would be \$1.22 while if the packages were re-shipped four times the rate would amount to only 96 cents.

## With Federal Government.

The disbandal at New Orleans today of the state charge preferred against G. Raymond Matthews special agent of the department of justice transfers the case to the federal government which will now undertake to determine whether Matthews participated in any attempt to solicit a bribe of \$500 as alleged to prevent the arrest of Former Governor Brito of Campeche, whose extradition is sought by Mexico.

## MORE LETTERS ARE PLACED IN RECORD

Investigators Get Further De-  
tails of Legislative Activities  
from the Files of the N. A. M.

WIDE RANGE OF SUBJECTS

Letters Are Read Into the Record from  
the Files of James A. Emery and Cover  
Every Financial Difference of Policy

SHOW FEUD WITH FEDERATION OF LABOR

WASHINGTON, Aug. 5.—From the files of the National Association of Manufacturers today came the details of legislative activities of the widest range, extending from the home districts of members of congress throughout the country to the white house and the capitol. While the senate lobby investigators pursued their probe by an examination of former Senator Joseph B. Foraker, of Ohio, the house committee got under way and placed in the record a hundred letters from the files of James A. Emery, chief counsel for the N. A. M.

From attempts to influence the selection of the labor and judiciary committees of the house the discussions of the possibility of coupling currency legislation with the tariff bill at the present session of congress from conversations with Majority Leader Oscar Underwood of the house, to letters and telegrams to Presidents Wilson and Taft, correspondence covered every financial difference of public policy and legislative practice. Frankly and quietly, Emery on the stand, acknowledged that he had recommended a contribution of \$500 to oppose Representative Buchanan of Illinois, for re-election or told of personal interviews with leaders and members of congress in his attempts to influence the naming of committees or to prevent the enactment of legislation urged by organized labor.

## Suggests Bitter Feud.

The correspondence suggested a bitter feud between the National Association of Manufacturers and the American Federation of Labor in an attempt to secure control of the legislative agencies of the government. Discussing the recent sundry civil bill, with its provision prohibiting the expenditure of certain funds for the prosecution of armers and labor unions under the Sherman law, Emery wrote to President John Kirby, Jr., of the association on March 7, 1913, after President Taft had vetoed the bill.

"I want to emphasize as hard as I can the importance of lining up for a tremendous demonstration when this bill reaches President Wilson as it undoubtedly will, with the same provision in it."

"You will then have an early opportunity to decide whether the glittering Democratic motto 'Equal rights for all, and special privileges for none,' means anything, or whether the administration has surrendered completely or will merely turn over the department of labor."

"I note by the way, your reference to a letter from C. W. (Post) on the quest of a protest over the appointment of Wilson (secretary of labor)."

"A protest on this subject is a mere waste of breath, and on the whole I am inclined to think that the whole purpose of this department will be shown up quicker with the unions in control of it, than in any other way."

## CALLAHAN DENIES RUMOR.

Washington, Aug. 5.—Manager Callahan of the Chicago White Sox today denied the rumor that he was to be relieved of the managerial reins of the White Sox at the end of the season by President Comiskey because of the latter's alleged dissatisfaction over the way the club has been traveling lately.

## WILL MEET FRED WELCH.

### MEETING OF NURSES OF THE THIRTEENTH DISTRICT

Addresses Were Made by Miss Harriet Fulmer of the State Anti-Tuberculosis Society and Miss Elizabeth Urbach of State Hospital.

A meeting of the nurses of the thirteenth district of Illinois was held at the public library Tuesday afternoon, when Miss Harriet Fulmer, secretary of the Illinois State Anti-Tuberculosis society, was heard in an address on "Nurses' Obligations in Public Class Movements." Miss Elizabeth Urbach, of the nursing force of the Jacksonville State hospital, was also among the speakers. There were twenty-five nurses present, several being from Springfield.

Miss Fulmer in her address stated that there was a wide field in Illinois for a higher education in nursing and that the medical profession should be more deeply interested in the movement than has been manifested. Not only has there been a movement in cities for the advancement of better health conditions, but also in the rural districts. The trained nurse in the rural district has a great work to be performed and she should be the center of all authority on points pertaining to the health of the community. There are so many questions which should be studied and properly answered in the tuberculosis field that the preparation for the nurse should be of the highest order. Sometimes it is the rule that schools are handicapped from giving nurses a better education, because of the lack of equipment. Wherever a hospital has a training school department, that department should be the highest. The nurses themselves can do a great deal by demanding a higher standard of efficiency.

Miss Fulmer stated that the better training schools had to compete with the correspondence schools for nurses. She stated that the Ladies' Home Journal had advanced the cause of the correspondence school by carrying their advertisement and that the matter had been taken up with the publishers, but to no avail. Miss Fulmer expressed the opinion that nursing was of such a profession that the correspondence school could not furnish the actual practical work which is needed.

Miss Urbach spoke particularly along the line of the work of nurses in the various state hospitals. She said that there was a particular line of work done at such institutions, which every nurse should be acquainted with. She believed that every nurse, before she should be given an diploma from a training school, should have at least two months of actual work in a state hospital.

### RECOVER REMAINS

D. C. Diltz, agent for the Chicago & Alton, received a telegram Tuesday afternoon from Venice stating that the remains of Fred Welchman, fireman on the Chicago & Alton, who was drowned in the Mississippi river Sunday night, had been recovered Tuesday and would be brought to Jacksonville for interment. The remains are expected to arrive in this city this morning at 11:30 o'clock.

### RIPLEY SPRINGS WATER.

WILL HOLD GOOD ROADS MEETINGS. Question to Be Discussed This Week at Murrayville and Pittsfield. Meetings to discuss the Tice road bill and its application to the highway improvement question will be held this week at Murrayville and Pittsfield.

Homer J. Tice, the author of the bill, will address the supervisors of Pike county and the county commissioners of Scott county at Pittsfield Thursday. This meeting will be attended by J. H. Hinch and Thomas Worthington of this city. Judge Doocy of Pittsfield has extended a special invitation for as many Jacksonville citizens as possible to attend.

The citizens of Murrayville and vicinity will be addressed Friday evening by Mr. Heintz, the chairman of the department of rural affairs of the Chamber of Commerce. He will explain the new road law and discuss the steps necessary to obtain state aid in highway construction.

EXTEND UNANIMOUS CALL. An unanimous call to remain another year was extended the Rev. V. P. Mitchell at the quarterly conference of the M. E. churches of Riggsport, Exeter and Merritt. Mr. Mitchell has closed a very successful year, as the reports of the officers of the churches of his charge showed at a meeting of the conference.

THE DOVE SEASON. County Clerk Boruff is still receiving inquiries about the proper season for shooting doves in accordance with the state law. The time allotted for dove shooting is from August 16th until October 31. The hunters licenses were printed before the new law became effective and give the dates as August 2 to November 29. Sportsmen should take notice of the change of dates.

## 1913 Hot House Dill Pickles

While others were planting Cucumbers the wholesalers we represent were picking theirs.

Like strawberries at Christmas time, this new 1913 crop of Hot House Dills comes to you as something far in advance of the season; a rich delicacy as it were but at a price which has nothing fancy about it.

In offering the 1913 hot house dill pickles we claim no corner in cucumbers but we do claim that our wholesalers made a big bold move when they conceived and executed the idea of supplying the best markets from coast to coast with Hot House Dill Pickles.

There's something in the early forced growth of cucumbers not found in the stock gathered six or eight months ago. That something is the difference between an appetizing, fresh tasting dill pickle and the other kind. Hot House Dills are even better than the name sounds and we are offering our customers something that will delight their pallets.

Include with your order today a dime's worth or a dollar's worth of Hot House Dills.

### Drug Department.

There is no time of the year that a good mineral water is more acceptable than now. During these warm days we are very apt to over-load the stomach. A wine glass of "PLUTO," "CABILENA," "HUNYDAL SPRING" or "APENTA" in a glass of water before breakfast, dinner or supper will be found very beneficial.

**MAY GIVE EMPLOYEES HALF HOLIDAY.**

**Merchants Are Discussing Plan of Hot Weather Closing in Vogue in Other Cities.**

Some Jacksonville merchants are discussing the adoption of the plan of closing for a half day each week of the summer of 1914. Although this has been suggested before, the successful operation of the plan in Springfield and other cities has caused it to be seriously considered by the business men of this city. That the employees would appreciate an extra half day during the heated season of the year, there is no doubt. Although some of the local merchants have suggested that such a practice would lead to a diminution in business, the experience of storekeepers in cities where the scheme of the five-and-one-half-day week during the summer has been tested it is said, shows that such a plan does not injure business to an appreciable extent. Some merchants who have tried the plan declare that the increased good will and efficiency shown by their employees has more than repaid them for the shortening of the working week during hot weather. The advocates of the plan think that an agreement should be reached at an early date among the local merchants and that if such a scheme is put into operation, it would be well to plan for it a full season in advance.

**SOME SNEAK THIEVES.**

Although as a whole the city of Jacksonville is law abiding and orderly, yet there are exceptions. A South Sandy street groceryman, to mention one instance, has had several customers report losses by theft recently, some of them in broad daylight. A farmer missed a good pair of shoes from a buggy an evening or so ago after having left the vehicle for but three or four minutes. At another time a box of cigars was taken from a wagon in the afternoon, while the owner was in a store for a short time.

**The Fashion Book for Fall**

Illustrating Pictorial Review Patterns

Is now on sale. For years this book has been looked upon as the most authentic portrayal of the forthcoming styles to be found in any publication in America.

Pictorial Review styles are in a class by themselves, and are as a rule three months in advance of all others, in presenting that which will be worn by the American women for the fall season.

No woman should be without this book. It illustrates styles for every occasion—pretty house dresses, prim street frocks, charming afternoon and evening gowns, etc., etc.

Not only are Pictorial Review Fashions ahead of all others—but the patterns, too, are far superior. They are the simplest patterns made, and each one is accompanied by a cutting guide which makes a mistake next to impossible. Use a Pictorial Review Pattern once and you will never use any other kind.

The price of the Fall Fashion Book is 25c, which includes any 15c pattern free.

## BALKAN CONFERENCE RECEIVES NOTE FROM THE UNITED STATES

Request That Guarantee of Religious Liberty Be Inserted in Proposed Treaty of Bucharest Is Rejected as Superfluous.

Bucharest, Aug. 5.—At the Balkan peace conference to day, M. Majorasco, president of the conference read a note from the United States government expressing a desire to see inserted in the treaty of Bucharest a stipulation securing civil and religious liberty to the populations inhabiting territory which may be annexed. M. Majorasco remarked that such liberty was the law in every country participating in the peace conference and all the heads of the various delegations agreed that it would be superfluous to think of inserting such a special clause.

**Jews Prompt Message.**  
Washington, Aug. 5.—The intention of the American government to make representations to the Balkan peace delegates had been so carefully guarded that it was not generally known even in official circles today that a note had been dispatched to Bucharest. It is known however that the administration has been receiving vigorous protests from Jews all over the United States against the treatment of people of their religion in Roumania. The state department was advised that Roumanian Jews were being deprived of civil rights guaranteed them under the treaty of Berlin.

This it is said influenced the administration to ask that a guarantee of religious liberty be included in the proposed treaty of Bucharest.

## "The Tiger Lily"

Is Another 3-Reel Startling Novelty.

An animal picture with a real, gripping story behind it—the story of a woman torn by jealousy who sends a tiger to destroy the girl she hates, little knowing that the girl is her own daughter. A storm, a flash of lightning, a villa set afire and in it the fast-moving events that bring the destruction of the Tiger Lily herself.

It's all that you hoped they would do some day with a wild animal theme. The Vitaphone actors present it in three reels.

## DISCOVER HIEROGLYPHICS

Written Over 4,000 Years Ago—New Version Differs in Respect to Duration of Flood as Described in Genesis.

Philadelphia, Aug. 5.—The Bible story of Noah and the flood is confirmed in many details by hieroglyphics written four thousand years ago, maybe more, by a historian who lived in ancient Babylon, according to an announcement made today by the University of Pennsylvania. The writing on a tablet—an epic of great length, purporting to reach back to the creation, has been deciphered at the museum of the university by Dr. Arno Poebel, the announcement says. The tablet, said to be the oldest ever rescued from oblivion, was dug up in Nippur several years ago by a museum expedition. In strange symbols, so finely written that the entire poem is contained on seven inches square, the primitive historian harks back to the beginning of all things. Then there were seven gods, chief of which were Anu and Enlil, and a goddess, Ninu. The tablet says. Ninu it was who created mankind, whom she called "my creations."

Like the first chapter of Genesis, the Babylonian poem opens with a recap of the creation. Ninu, god-mother of humans, is lamenting that the other gods seem bent on their destruction.

"At that time Ninu wailed like a woman in travail," reads the translation. "The host Ishtar wailed on account of the people. Enki, god of wisdom, held council with Anu, Enlil and Ninu over the proposed destruction of mankind. Zieugidda, high priest of Shuruppak, made obeisance to the gods and prayed, prostrating himself in humanity." The Zieugidda of the Babylonians, it is believed was Noah of the Hebrews. The tablet tells of Zieugidda learning from the great god Enki, that mankind was to be destroyed "by a rain storm." Then comes a description of the terrific wind and rains.

"After seven days the rainstorm had passed over the land and carried away the huge boat. Then the sun god came forth, shedding light over heaven and earth. Zieugidda opened the roof of his ship and the light was let in." This version differs in respect to the duration of the flood as described in Genesis. There it was to last forty days.

When the water subsided Zieugidda prayed to the gods with a loud voice, the poem continues, and sacrificed an ox, a sheep and something with "a great horn." Through the intercession of Ninu the gods forgave the surviving human beings and gave them immortality, which they did not possess before the flood.

Dr. Poebel has announced that he will make public later a literal translation of the epic. From other tablets found by the expeditions, it would appear, the announcement says, that 460,000 years intervened between creation and the flood, although one epic writer asserts with painstaking accuracy that the exact time was 32,223 years, some months (exact number undecipherable), and eighteen days.

The particular tablet from which the story of the flood was translated, the announcement says, may be as old as 4,400 years and a reasonably certain to be no more recent than the reign of Hammurabi, about 2100 B. C. It is regarded as the world's most ancient historical writing and is in a fairly good state of preservation.

## RISE AND FALL OF SMITH.

San Francisco, Aug. 5.—Rated only a year or two ago among the great millionaires of America, Francis M. Smith, widely known as the "Rorax King," appeared before Judge Morrow in the United States district court to show cause why he should not be adjudged a bankrupt on debts amounting approximately to \$150,000.

The petition filed by Smith's creditors declares that prior to May, when a committee was appointed to act as trustees in managing his affairs, he conveyed without money consideration properties valued at \$1,000,000 to the Mercantile Trust company, to B. P. Edwards and to his wife at a time when he was insolvent. These transfers, it is alleged in the complaint, constitute acts of bankruptcy.

Smith's career is one of the romances of modern American finance. Born in the town of Richmond, Wis., about 65 years ago, he spent his boyhood and youth on his father's farm. At the age of 21 he came west and in 1872 he discovered the great horax deposits in Nevada. After years of labor he secured a monopoly of the product and from that time his financial success was one of the wonders of the west. Eventually he became the head of a two million dollar string of corporations. His personal fortune has been estimated at many millions.

## CATHOLIC FORESTERS.

Louisville, Ky., Aug. 5.—Nearly all of the states of the nation and many of the provinces of Canada were represented here today at the opening of the international convention of the Catholic Order of Foresters. At 9 o'clock this morning the delegates attended solemn high mass at the cathedral. The remainder of the day was filled up largely with committee meetings and sightseeing. Late this afternoon the delegates assembled at the Seelback hotel for the initial session of the convention. The annual reports of the several officers show gratifying gains in the finances and membership of the order during the past year. The convention sessions will continue until Friday. At the close of the gathering the delegates will take an excursion to Mammoth Cave.

## ILLINOIS STATE NEWS.

Loses His Roll—Wm. A. Swords, a well-to-do farmer near Peoria, drew \$1,000 from a bank, walked half a block to another bank with the intention of depositing the money and found it gone. He thinks his pocket was picked.

Charged With Vagrancy—The St. Louis Journal says: Albert Barlow of Franklin, Ill., was arrested Sunday and a charge of vagrancy placed against him.

Drowned at Elmhurst—George Hansel of Jerseyville, Ill., was drowned in the Mississippi near Elmhurst, after he had told rescuers he was safe and requested that their efforts be directed to saving a companion who was not an expert swimmer.

Jumps as Train Hits His Auto—Paul Downey, a hardware merchant of Greenville, had a narrow escape from death when a switch engine crashed into his automobile.

Downey was crossing the Chicago & Alton tracks and failed to see a freight approaching. The train struck his car and as it did so, he jumped, escaping uninjured. The machine was demolished.

In the List of Eligibles—Secretary Ward R. Robinson announced the list of eligibles from the examination of the state civil service commission June 7 for stenographer, grade 1: Nyla E. Waymel, Carbondale; Ray W. Wilson, Urbana; Vera M. Davis, Shelbyville; Grace R. Leary, Jacksonville.

Groomed For Senator—State Senator W. Duff Piercy of Mount Vernon is being put forward as a candidate for the Democratic nomination for United States senator to succeed Lawrence Y. Sherman, Republican, whose term expires March 4, 1915. Senator Piercy was one of the Democratic leaders in the senate at the last session of the legislature and had charge of the Dunne initiative and referendum fight. Other Democrats spoken of in connection with the nomination from outside of Cook county are Congressman-at-Large Lawrence Y. Stringer of Lincoln and Carl Vrooman of Bloomington.

No More Poker For Veterans—J. E. Andrews, superintendent of the Old Soldiers' Home at Quincy, has announced that poker, fan-tan and all games of chance with cards, dice or other gambling paraphernalia, must be cut out. The rule applies to both inmates and civil service employees at the home. Fan-tan and poker has been popular with the residents of the institution for years, and complaints have often been made about money being won by unfair means.

Bank Thief Captured—Harry Cassell, 21, who escaped from jail in Hennepin, Ill., January 30, after he had tried to hold up the Bank of Putnam County, in Hennepin, December 18, and shot the cashier, Robert Patterson, was arrested at a cement plant near the Chain of Rocks. He was taken to St. Louis police headquarters to be held pending the arrival of an Illinois officer. Cassell admitted shooting the cashier. He said he was drunk and did not know just what happened.

Illinois Jury Women Receive Proposals—Three of the young women who served on the first southern Illinois woman's jury at East St. Louis agree that it is better to serve on a jury than to go to a matrimonial bureau to get quick proposals of marriage. All three have received proposals of marriage, but have decided not to reply to them as they have no desire to marry men they have never seen. The honored three are Miss Ruth Brown, Miss Ruth Littlefield and Miss Emma Mitchell.

Carried a Red Flag—City park custodians at Rockford objected to the carrying of a red flag in the parade of the Industrial Workers of the World. Park Commissioner Olson, elected on the Socialist ticket,

overruled the objections and sanctioned the display of the flag. Organizations opposed to the I. W. W. have expressed indignation at the parade.

Bitten by a Mad Cat—Little Marion Hammer of Murphysboro is suffering from the effects of a cat bite. W. J. Coad killed the cat and sent its head to St. Louis, where examination disclosed that the feline had hydrophobia.

To Bryan's Aid—It is planned by Democrats of Texas to raise a large fund by popular subscription for the benefit of Secretary of State W. J. Bryan. The money will be paid over to him if he agrees to abandon the lecture platform and devote his entire time to the duties of the state department.

Sweet Corn Crop Failure—Genesee's sweet corn crop is so near a failure this year that the canning factory will not be opened for the usual corn packing season. Dry weather in the north part of the county has played havoc with the sweet corn prospect and has worked great loss to many farmers in the vicinity. The yield from about 700 acres around there, which was planted for the special varieties of sweet corn that the canning factory wants, is ruined, and the loss to the farmers is placed at \$35,000. The loss to the canning factory is also heavy.

Rock River Assembly Loses Money—For the second time since its organization, twenty-seven years ago, the Rock River assembly has lost money. Last year the management reported a deficit of about \$2,000. Sunday night, at the close of the first week's programme, it was reported that by reason of the extreme hot weather and failure of talent on the programme to fill engagements the expenses are \$3000 over receipts.

Knights of Columbus Meet.

Boston, Aug. 5.—Freed by a pontifical high mass celebrated in the Cathedral of the Holy Cross, the annual national convention of the Knights of Columbus was opened here today. Hundreds of delegates and visitors from all parts of the United States and Canada were in attendance. The convention entered upon its business sessions this afternoon. One of the most interesting matters to be taken up by the convention is the question of making a thorough investigation into conflicting claims about the present resting place of the remains of Christopher Columbus. The proposal is to be introduced by delegates from Washington, D. C., acting on the suggestion of Senator Ransdell of Louisiana, who is of the belief that the remains of Columbus never were removed to Spain, as is the common supposition, but that they still rest in the cathedral at Santo Domingo.

Missionary Society Meets.

The August meeting of the Young Woman's foreign missionary society of Centenary church was held on the lawn at the residence of Mrs. P. W. Fox, 656 South West street, Monday evening. There was a good attendance of members and guests and the lawn was prettily decorated with Japanese lanterns. A short program was given and Mrs. Thomas Buckthorpe read a paper, "Under the Trees," and a the close of a delightful evening Mrs. Fox served dainty refreshments. The society decided to hold a Christmas bazaar Thursday, December 4. The election of officers for next year will be held at the September meeting.

Bids for Coal.

Bids for supplying the Jacksonville schools with coal for the ensuing year will be received by the undersigned clerk of the board of education until noon Thursday, Aug. 14, 1913. Bids are desired on mine run, inch and a half lump, and three inch lump. The right is reserved to reject any or all bids.

## FACE BROKE OUT IN LITTLE PIMPLES

Red and Sore. Like Little Boils. Would Wake Up At Night and Scratch. Cuticura Soap and Ointment Cured in Three Weeks.

Falls City, Neb.—"My trouble began when I was about sixteen. My face broke out in little pimples at first. They were red and sore and then became like little boils. I picked at my face continually and it made my face red and sore looking and then I would wake up at night and scratch it. It was a source of continual annoyance to me, as my face was always red and spotted and burned all the time.

"I tried—and others, but I could find nothing to cure it. I had been troubled about two years before I found Cuticura Soap and Ointment. I sent for a sample of Cuticura Soap and Ointment and tried them and I then bought some. I washed my face good with the Cuticura Soap and hot water at night and then applied the Cuticura Ointment. In the morning I washed it off with the Cuticura Soap and hot water. In two days I noticed a decided improvement, while in three weeks the cure was complete." (Signed) Judd Knowles, Jan. 10, 1913.

It costs nothing to learn how pure, sweet, effective and satisfying Cuticura Soap and Ointment are in the treatment of poor complexion, red, rough hands, itching scalp, dandruff, dry, thin and falling hair, because you need not buy them until you try them. Although sold everywhere, sample of each will be mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

## Coming of The Sunbeam

How to Avoid Those Pains and Distress Which so Many Mothers Have Suffered.

It is a pity more women do not know of Mother's Friend. Here is a remedy that cures the menses, enables them to expand without any strain upon the ligaments and enables women to go through maternity without pain, nausea, morning sickness or any of the dreaded symptoms so familiar to many mothers.

There is no foolish diet to harass the mind. The thoughts do not dwell upon pain and suffering, for all such are avoided. Thousands of women no longer resign themselves to the thought that sickness and distress are natural. They know better, for in Mother's Friend they have found a wonderful, penetrating remedy to banish all those dreaded experiences.

It is a subject every woman should be familiar with, and even though she may not require such a remedy, she will now and then meet some prospective mother to whom a word in time about Mother's Friend will come as a wonderful blessing.

Write to-day to the Bradford-Regulator Co., 127 Lamar Bldg., Atlanta, Ga., for a most valuable book. It is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

### SOME OFF-SIDE CHUTES

One of the yellow afternoon sheets of Chicago has a wild and woolly story to the effect that Comiskey is scouting for a manager to displace Jimmy Callahan, and that the president of the Cubs has already selected Roger Bresnahan to succeed Johnny Evers. There may be some grounds for the story insofar as it concerns Evers' removal. The Trojan is all that could be desired in a ball player in the ranks; no better guardian ever cavorted in the purlieus of the keystone bag, but as a leader he is too long on the crab; too nervous and too easily irritated. All summer he has been at six's with the majority of his team, and the surprise of it all is that the club has managed to keep so close to the front. As to the Bresnahan part of the deal, the Cubs would be no better off. There are plenty of players on the west side team who would do detective service under the Toledo detective. As for the Callahan story, that will have to be taken with an alopathic helping of salt. The Old Roman is not the kind of a sport who Welchs when his team has run into a slump. He has an abundance of confidence in Smiling Jim's ability as a manager, and is not going to "hearsize" his ball team to satisfy the whims of yellow penny-afiners.

Pat McDonald and Matt McGrath, the giant New York policemen, set new weight throwing records on Sunday. McDonald put the 16 pound shot an even 53 feet, two feet better than the previous record. McGrath threw the 16-pound hammer 190 feet, 10 inches—three feet, six inches in excess of the world's previous record.

Silver Bill Riley, mention of whose passing was made in this column Tuesday, was well known in Jacksonville and vicinity. In the days of the old one mile race course in the west end, the Colonel was master of the block at several of the racing meets, and many of the local horsemen were saddened yesterday when they learned of his demise.

Young Mr. Shawkey, one of Connie Mack's high brows, stopped the on-rushing Naps on Monday; he stopped them short, Lajoie and Grane being the only ones of the tribe of Joe Birmingham who were able to glim the pill as it shot across the pan, and these two Napoleons sighted it but once apiece. The Athletics slammed Falkenberg to the bench in three rounds, and "Coney" Kahler was chased to cover after four tries. Recruit Dashner, from Kentucky, taking up the burden and stopping the slugging Macks in the last two innings.

To John J. McGraw and the new York Giants: Jack Coombs has recovered from an attack of typhoid fever and will be in mid-summer form about the time the world's series is on.

The Illinois-Wisconsin league is endeavoring to thoroughly "rinse" a dirty piece of laundry it has on its hands as a result of the riot at Rockford one week ago today. From leakings at the conference now being held at the watch city it is certain Oshkosh will be heavily penalized and Rockford financially reimbursed for the loss it sustained by the Wisconsin team's withdrawal from the city and refusal to complete the series as scheduled.

At the Keokuk regatta, to be held August 25-28, some of the yachts which contended in the elimination races for the restoration of the Harnsworth trophy in England will be in line, among them the Oregon Kid, Peter Pan, Kittle Hawk, Jr., America, Disturber and Barnacle.

Dr. Louis Wallach (Leach Cross) and Joe Rivers, the Mexican, have been matched for a twenty-round go on Labor day in the Vernon arena, near Los Angeles. A part of the plan, it is announced from the coast, is to have the winner of this bout book up with Willie Ritchie, if the latter still retains the championship, on Thanksgiving day. If Mr. Patrick McFarland can, by continual dogging at his heels and forcible arguments within the Ritchie hearing, convince the champion that he, McFarland, is entitled to a look-in for that diamond championship dog collar, it is an odds-on wager there will be a new champion in the lightweight division before the annual national Thanksgiving feast is spread.

The outlook for the Grand circuit trotting meeting at Kalamazoo this week is everything else but bright. The slight sickness which prevailed among the horses at Grand Rapids, has become epidemic at the "Zoo," and in consequence the card on almost all of the races is ruined owing to the enforced withdrawals.

Scout Jack Doyle, who these days is on the Comiskey payroll, has signed a new "pitching wonder" in Charles E. Quaders, who is playing semi-professional ball at Ashland, Wis. The old Giant infielder will guide his "find" to the lair of the White Sox at the close of the Ashland season the latter part of August.

Bloomington, Ill., fans are all "fussed up" over the actions of their premier hurler, Henry Keupper, who has been on a leave of absence. Word was received yesterday that the lost one had jumped into the Federal league and was playing in St. Louis under the alias King. The baby leaguers are not making much noise about their affairs, but the moguls are moving quietly among the minors and here and there are picking up everything that has a promising tag attached.

## DROUGHT WORST FOR YEARS SAYS WEATHER MAN

Head of Peoria Bureau Believes Present Situation Most Serious for Time of Year Since 1870.

M. L. Fuller, weather man at Peoria, says the present drought is the most serious at this season in forty-three years. The Peoria Star says:

But the past month is among the eight or ten warmest Julys on the record, and its heat has been more damaging because of the accompanying drought. The total rainfall of 0.46 inch for the month is the least on record for July in 58 years. It is about 16 per cent of the normal amount for the month, and is less than one-tenth of last summer's July rainfall.

The drought is the more serious because of the two and a half months of dry weather preceding. Since April 12th, Peoria's rainfall has been but 36 per cent of what we ordinarily receive; 4.93 inches have fallen, while the normal is 13.66.

Similar conditions of heat and drought are shown by the local records in two other years in the past. In 1886 the rainfall was 0.47 inch, but both May and June preceding had an inch more than in 1913.

Temperature was about the same as in July just ended.

In 1870 July was equally warm, its rainfall was 0.68 inch, and the three months preceding were all drier than in 1913. In that year only 2.82 inches of rain had fallen in the entire three months prior to July, and the total from April 1 to the end of July, four months in the crop growing season, was only 3.50 inches. The normal is 14.76.

The drought of 1870 in this vicinity must therefore have been materially worse than 1913 has yet given. Incidentally, the records state that the Illinois river at Peoria reached its low water mark in the summer of 1870, which fact has since been used as the zero mark of the river gauge. The river today stands at ten feet and four or five feet of the present stage be allowed for the effect of the drainage canal now entering the upper river, the stream still lacks several feet of showing as much effect of drought as it did in 1870.

The present drought is becoming serious, but it is not yet as bad as the past has had.

### CO-OPERATION OF FARMERS.

San Antonio, Texas, Aug. 5.—Striking proof of the success of co-operation among Texas farmers was afforded here today by the large and representative attendance at the opening of the eleventh annual meeting of the Farmers' Educational and Co-operation union of Texas. Great interest is centered in the development of the plans for holding cotton, or at least making the grower independent of those who would prey upon him in the form of collectors of high interest or by inducing early sales at reduced prices. Schemes for the valorization of cotton after the plan of the coffee arrangement in Brazil are to be presented. Such important questions as crop diversification, more intensive cultivation, improved highways, the use of motor traction and the substitution of Mexican for negro labor are to come up for individual and general discussion.

ESTABLISHES WORLD'S TROT- TING RECORD AT GRAND CIR- CUIT RACES.

Murphy's Bay Colt Captures First Heat of the Two-Year-Old Trot in 2:09, a Half Second Faster Than the Former Record Held by Justice Brooke.

Kalamazoo, Mich., Aug. 5.—A new world's trotting record was established today at the Grand Circuit races here, when Peter Volo, driven by Murphy, captured the first heat of the 2-year-old trotting division for the \$3,000 stake of the Horseman Futurity.

The time was 2:09, a half second faster than the former record made two years ago by Justice Brooke. Eta Wah had an easy time in taking the 3-year-old trot for the Horseman Futurity \$10,000 purse.

Summaries.

Great Western Circuit.  
Decatur, Ill., Aug. 5.—Billy Warrington, Rose Equity and Shade Line earned pacing marks of 2:10 in the opening day's Great Western circuit races here today, and Mary Walker, a green mare, trotted within a quarter second of the mark. The third race, 2:21 trot, was a sad awakening for a number of the entries, with five placed in the first heat while the 2:24 trot, first on the program, found Mary Walker a straight heat winner, but so pushed to do it that her mark dropped to 2:10 1/2.

Owner Kay won the first heat of the 2:12 pace, giving the chestnut stallion, Shade Line, a mark of 2:08, yet was unable to win the race. The second heat of the 2:12 pace was the best race between three with a nose at the finish of the first for Shade Line, but never thereafter, Rose Equity winning the last three heats in succession. The first heat of the 2:24 trot presented a great race between Mary Walker and Fleety Dillon, the former always having the speed but forced to make fast time to keep off her rival.

### MARKET LETTERS.

Chicago Live Stock Market.  
Chicago, Aug. 4.—Oliver S. Green, with Walter Bros., U. S. Stock Yards, Chicago, reports the receipts for Monday, August 4th:  
Cattle—17,500.  
Hogs—48,000.  
Sheep—35,000.

Choice to fancy beefs, yearlings, handy and good weights, about steady. Ones from \$8.25 down slow draggy and generally 10c lower and all but choice closed very dull and some unsold. 9c paid for 44 averaging 1659; 9c paid for 19 averaging 1246; 25 yearlings averaging 821 at \$8.90; \$8.35 to \$8.60 took the bulk of good cattle, though a fairly good number of car loads, \$8.50 to \$8.80. Many sales of fairly good beefs, 1100 to 1350, \$7.75 to \$8.25. A long list warmed up, 900 to 1100, \$7.50 to \$7.75; with some grades in short killing flesh \$7.00 to \$7.40. Good butcher stuff strong to higher; bulk only steady. Fat cows, \$4.50 to \$4.75; fat heifers, \$5.15 to \$8.00. Bulls sold strong to higher, \$4.00 to \$7.60. Calves lower, common heavy to good veales, \$5.50 to \$10.00. Choice to prime vealers, \$10.25 to \$10.50. Stockers full steady. Inferior stockers to good feeders, \$5.50 to \$7.25; selected stockers and good feeders, \$7.25 to \$7.75.

Hogs 10 to 15c lower. Tops, \$9.30. Selected packing and shipping, \$8.40 to \$9.30. Mixed packing, \$8.05 to \$8.40. Medium and butchers, \$8.45 to \$8.75. Poor to good heavy packing, \$7.90 to \$8.25. Rough heavy packing, \$7.50 to \$7.85. Sheep 10 to 15c lower. Western lambs steady. Native lambs 15 to 25c lower. Lambs, good to prime, \$6.50 to \$7.00. Lambs, common to good, \$5.75 to \$6.50. Western lambs, fair to choice, \$6.75 to 7.25. Ewes, good to choice, \$4.00 to \$4.60. Yearlings, fair to choice, \$5.00 to \$5.75.

Kansas City Live Stock Market.  
Kansas City Stock Yards, Aug. 5.—Country buyers showed cleverness last week by waiting till a 25 to 50 cent decline became effective before making their purchases. After that decline had been established the movement was heavy, and total out-go for the week was 18,000 cattle. The same week last year that rate took 6800 cattle from here. Since the first of July country buying has been on the same large scale, as compared with last year, July shipments footing up 56,000 head against 23,000 in July last year. Bulk of the shipments are going to Iowa, Illinois and Missouri, where corn prospects have been good and where the crop has progressed to a point that insures full silos, at the worst. "This is a year when silos will be appreciated," is the way A. B. Watts, pioneer cattle feeder of Farmdale, Ill., expressed the situation here last week. "Our early corn is injured and late corn will be light, so that on the whole we will be a little short. We have a good many silos, which will be filled." Some old corn is held, which will offset in a degree the shrinkage of the 1913 crop in some sections. The pasture country west of Kansas City, after having withstood weeks of dryness, is giving up, and receipts here today aggregate 30,000 cattle, 40 per cent more of them in the dry weather class. The market is unevenly lower, killing grades 10 to 35 cents off, stock cattle and feeders 25 to 50 cents lower. Carriers report large car orders for later in the week, which means liberal receipts and a week of real bargains in stock cattle and feeders. Previous breaks this season have been quickly repaired, but today the movement of forced cattle is much the greatest of the season, and chances for improvement in the depressed state of the market seem remote. Prices are close to those of a year ago today. Stock steers at \$5.00 to \$6.75; feeders, \$5.50 to \$7.00; stock cows and heifers, \$4.00 to \$6.00; native killing steers range from \$7.00 to \$8.65; Kansas grass steers, \$6.25 to \$8.00; quarantine grass steers, \$4.75 to \$6.50; veal calves, \$6.00 to \$8.25; grass cows and heifers, \$4.00 to \$6.25.

LITERBERRY.

The Baptist people of Literberry are painting their church and the ladies are fixing up the interior and getting ready for the chicken fry on the 13th.

Mr. and Mrs. Austin Beavers and little son, James Robert, attended at Grace Chapel Sunday afternoon.

Mr. and Mrs. Coffman of Jacksonville drove out Sunday to spend a few days at Sunshine cottage.

Mrs. Lizzie Coons and Mrs. Eliza Ratliff spent last week visiting relatives in "Possumwalk."

Several fires have been started along the railroad lately from sparks from the engines, but no great damage has been done so far.

David Parks and children went to Winchester Saturday for a visit with his daughter, Mrs. Ed Andel.

Rev. Anna C. Shively of Springfield, Mo., was called here to conduct the funeral of Mr. Hiram Decker on last Saturday. Mr. Decker was converted seven years ago through the influence and preaching of Sister Shively, who preached a very tender sermon and spoke words of comfort to the bereaved family.

Mr. and Mrs. Taylor Henderson of Jacksonville spent Saturday and Sunday here with relatives.

## COMPLETE ARRANGEMENTS FOR KNIGHT TEMPLAR SPECIAL

Railroad Officials Visit City Tuesday and Confer With Local Committee.

At a conference between three railroad officials and the local committee held at the Dunlap Tuesday afternoon, arrangements for the Knight Templar special train from this city to Denver, Colo., were completed. The railroad men here were George J. Charlton of Chicago, general passenger agent of the Chicago and Alton; Wm. Owen of Chicago, district passenger agent of the C. & A.; and C. C. Anderson of St. Louis, district passenger agent of the Rock Island. The members of the local committee are Dilliam Fairlee, John S. Hackett and Dr. R. R. Buckthorpe.

Seventy-five people are expected to leave Jacksonville on the special train which leaves this city Sunday morning at 10 o'clock via the Chicago and Alton for Kansas City. From Kansas City the train will run via the Rock Island lines and is scheduled to arrive in Denver Monday afternoon at 1 o'clock. This will be a train for the accommodation of Sir Knights and ladies who wish to attend to Conclave which is expected to attract 65,000 people to the capital of Colorado. The equipment of the train will consist of four sleepers, diner, cafe, library and baggage cars. It is said that \$155,000 have been expended for decorations alone for the conclave and it is claimed that there are a large number of displays that will rival the best seen anywhere.

## BEGIN PUMPING AT WIDENHAM-DAUB WELLS.

Accident to 10-Inch Main Near Oak Street Stops Work at 6:30.

Pumping at the Widenham-Daub wells was commenced Tuesday, but on account of the Railway & Light company being unable to furnish continuous power only 85 minutes work was done up to 5 o'clock Tuesday afternoon. It had been arranged that power should be furnished from 5 until 7 o'clock, but at 6:30 an accident to the 10-inch main near Oak street, caused a halt in the work.

In speaking of the work Commissioner Brennan stated that the pumps, strainers and everything at the wells were in good condition and that while they were only able to pump a short time, a large amount of water was sent into the mains. He said that he did not consider the accident to the 10-inch main a serious one and thinks it can be repaired in a short time this morning. Regarding the question of power, Mr. Brennan stated that Mr. Miser, superintendent of the Railway & Light company, was out of the city and he did not know what arrangements can be made with the company for continuous power until he returns.

## A BAD ACCIDENT.

While John Bridgman, residing in the northwest part of the county, was hauling a load of sheaf grain Monday afternoon, by some means, a part of the load fell off and Mr. Bridgman went with it. Unfortunately the fork he was carrying fell first and times upward and when he went down the steel went through his right arm. Medical aid was summoned as soon as possible and he hopes that nothing serious will result.

## SALVATIONISTS HERE.

Ensign and Mrs. Bennett from Chicago, chief division of the Salvation Army are in the city in the interest of the local work and amongst other things it has been decided to have special meetings each night this week. Ensign and Mrs. Bennett are both musical and good speakers and a profitable time is assured.

## TO HOLD MEETING.

## DISCUSSES CONSUMPTION IN COLORED RACE

Miss Fulmer Gives Anti-Tuberculosis Talk to Large Audience at A. M. E. Church—Addresses by Colored Citizens.

The campaign against tuberculosis among the members of the colored race was discussed in a clear and forceful address Tuesday evening at 8 o'clock by Miss Harriett Fulmer, the state extension secretary, at the African M. E. church on Marion street. Miss Fulmer emphasized the responsibility of the colored man in coping with this disease which is no respecter of persons but strikes down alike both white and black. A short musical program was given consisting of two piano solos, and three songs by the whole assembly.

The Rev. George T. Shaw, the pastor of the church gave the opening prayer and presided throughout the evening over the enthusiastic and tense of over two hundred. Miss Fulmer's talk was preceded by two well-received addresses by Rev. Mr. Shaw and E. D. Hayden. The anti-tuberculosis prize poem, "The Fence and the Ambulance" was recited by Mrs. A. H. Kennelbrew.

The responsibility of the colored man was the keynote of Miss Fulmer's address, responsibility in a conflict which concerns people of every race and color. She pointed out that the work against the Great White Plague would never be successful until joined and aided by the members of the race which possesses an unusually high death rate from tuberculosis. It will never be housing conditions, for themselves and pay constant attention to hygienic living. Miss Fulmer told of the contagious nature of consumption, of the nature of the treatment and of the purpose of the extension campaign now being carried on in the 20th district. She explained the Glackin law by which taxes may be levied in each county of the state for the support of centrally located hospitals in the various congressional districts.

Heaton. The remains of John Heaton, funeral services for whom were held at the late residence on Washington street Monday afternoon, were sent to Greenfield Tuesday morning at 6 o'clock via the Chicago & Alton, where interment was made.

#### THE ONLY WAY.

Perhaps you can't take a long vacation but you can enjoy a short one mightily at the Woodson chicken fry Thursday night. Only one way to get there. Cherry's will tell if you phone 859.

#### RECEIVERSHIP SUIT FILED.

St. Louis, Aug. 5.—A receivership suit was filed in the circuit court here today against the Continental Commercial company and five subsidiaries which together formed a \$1,500,000 sugar and coffee concern. It is charged that misleading prospect uses were issued and that a postoffice investigation resulted in a threat or fraud order which was avoided when the company ceased to sell stock.

A bond issue, it is charged, was converted to the use of the directors who secured the bonds at a low price.

#### ALL ABOARD FOR WOODSON

Going to Woodson for the chicken fry Thursday night of course. Better hurry and get that order in for one of Cherry's high class turn outs.

#### NOT SERIOUSLY INJURED.

The many friends of Mrs. George Hart of Franklin will be glad to learn that the injuries she received recently while visiting her daughter in Alton are not serious. She expects to be able to return to her home in a few days.

#### MORE WITNESSES WILL BE HEARD REGARDING MOOSE INITIATION

Coroner's Inquest Into Death of Two Men Killed During "Work" Hears Many Witnesses.

Birmingham, Ala., Aug. 5.—Fifty more witnesses are yet to be heard in the coroner's inquest into the death of Christopher Gustin and Donald Kenny, who died during their initiation at a meeting of the Birmingham lodge of the Loyal Order of Moose, July 24, before the jury will take the case. Among today's witnesses was David U. Williams, secretary of the lodge, who described the "branding" stunt under which the victims died. He denied that the electrical shock, which is a part of that proceeding, was administered near the heart.

The "work" was no rougher than usual, he said, and the same magnets had been used before in initiations. Dr. L. C. Morris testified that Gustin was a very strong man and that it would have required a severe electrical shock to cause his death.

#### IMPROVING STATION.

The Burlington railroad company has a force of men at work decorating the interior of the local passenger station.

#### HEAT RECORDS BROKEN WHEN CLAY CENTER REPORTS 114 DEGREES

High Temperature Smashes All Kansas Records—Many Streams and Wells in That State Are Drying Up.

Topeka, Kansas, Aug. 5.—The season's heat record in Kansas was broken today, when a temperature of 114 degrees was registered at Clay Center. In this city, where 105 was the maximum and in many other parts of the state, thermometers climbed higher than during any of the many previous heat waves of the summer.

Some of the temperatures reported were: Abilene, Junction City and Salina, 108; Ottawa, 106 and Hutchinson, 102.

Many streams and wells are drying up. At Ottawa the Marais des Cygne river is lower than in forty years.

#### AT MT. ZION THURSDAY.

You'll enjoy supper with the good people of Mt. Zion Thursday night and if you travel in a Cherry outfit it will be an enjoyable outing.

#### WORK ON NEW CHURCH.

The slate roof is being put on the new Methodist church at Franklin and the tower has already been completed. The contractors expect to have the building finished by time the Illinois conference meets in September.

#### TWO PHYSICIANS ARE HELD FOR HIGH SCHOOL GIRL'S DEATH

Kansas City Doctors Are Charged With Causing Death by an Operation and Are Held in Bonds of \$2,000.

Kansas City, Mo., Aug. 5.—Charged with causing the death by an operation of Meta Zook, an 18 year old high school girl, Dr. Hall and Dr. Fabian Pratt were arrested here late today after a coroner's jury had heard the testimony of a number of boys, members of a fraternity at Westport High school this city. Miss Zook died in great agony Sunday. The physicians were held in bonds of \$2,000 each for trial on August 16th.

One of the boys testifying at the inquest, gave the names of ten boys, all of whose parents are wealthy and live in the exclusive residential district of the city, who said, frequently associated with Miss Zook. They were all high school boys.

A sister of the dead girl testified that these boys had called frequently on this sister who with another girl had gone on motor trips with the boys at various times.

Miss Zook's girl chum in her testimony went thoroughly into the manner of friendship they had with the boys. She told of different times when she and Miss Zook had gone to the homes of the boys when the parents of the boys were away on summer vacations.

#### THE TEMPERATURES.

The temperatures for Tuesday, according to G. H. Hall, weather observer at Alexander, were: maximum 93, minimum 66.

#### SPARKS FROM THE WIRE

WINNIPEG, Man., Aug. 5.—A terrific hail storm seriously damaged crops in the district near MacLeod, Alberta, tonight, according to reports received here. Crops in a strip of territory seven miles wide and twenty miles long are reported to be a total loss. The hailstones in places were as large as pigeon eggs.

KANSAS CITY, Mo., Aug. 5.—United States Senator Miles Polinder of Washington, in an address here tonight at a picnic given in honor of the first anniversary of the birth of the Progressive party, said the time had come when all women in this country should be given the right of suffrage.

LIVONIA, Aug. 5.—The rumors in circulation abroad that President De Arriaga was dead were officially denied tonight. It was stated that his condition continues to improve.

NOGALES, Ariz., Aug. 5.—Two hundred and ten Mexican federal soldiers, with as many more women and children, began today their trip to Fort Rosecrans, California, complying with the order of the war department. The prisoners have been held here since March 13, when they crossed the international line during and after the battle of Nogales, Sonora.

CHICAGO, Aug. 5.—Experts employed by the city council committee to investigate purchase by the city of \$1,000,000 worth of voting machines used in the last election, testified that the mechanism of the machines easily could be tampered with.

BALTIMORE, Aug. 5.—Today's session of the fifteenth annual convention of the Fraternal Order of Eagles here was chiefly occupied in hearing reports of the grand officers. These showed the order to be in a prosperous condition.

CHICAGO, Aug. 5.—Adolph Abson, who was unable to explain why he had spent most of his time since the discovery, near the spot at which little Bennie Holstein's body was found ten days ago, was arrested tonight on a suspicion that he may have some knowledge of the boy's murder. He had been seen in Morgan park almost daily for the last week.

BERLIN, Aug. 5.—The sensational charge that officials of the Prussian war office had accepted bribes from the Krupp company in return for military documents which were made in the Reichstag last April by the Socialist deputy, Dr. Karl Liebknecht, came to a rather tame ending today with the conviction by court martial of seven persons connected with the ordinance board, of whom the highest ranked only as junior lieutenants. Their sentences varied from 43 days to six months imprisonment.

#### DEFENDS HIS BELIEF THAT CORN CROP WILL BE SHORT

Henry S. Stevenson Gives Reasons For Thinking Yield Will Be Light—Is Not a Discouraged Farmer, However.

"When I talked to you about the corn crop and mentioned the seriousness of conditions on Monday, I did not know I was talking for publication," said Henry H. Stevenson yesterday, "but I am ready to stand by my crop predictions and believe time will prove me correct."

Mr. Stevenson, who is one of the most scientific and one of the most successful corn growers of the country, believes that the corn crop in this locality will be very short even if good rains come now. He said yesterday: "I have been out in my fields and find that many stalks of corn give no evidence of the shoots from which the ears are formed. On most of these stalks I consider that no amount of rain would now be of any benefit. There are other stalks too on which the tassels seem to be dead and dried up and on such stalks even if the shoots appear I do not believe there will be any pollen scattered to fall upon the silk of the ears and fertilize them. Unless this process is carried on there will be no grain formed on the cob."

"I am not a croaker and think farming is the best business yet and that this locality is not surpassed in the matter of fertility for corn production but I do believe that the crop hereabouts will be very light. I have been raising corn for years and while I make no claims to knowing all about the golden grain I have made a special study of it from year to year. Based on this experience and after looking over my corn fields I have reached my conclusions."

"Up in the northern part of the state around Preppert and other cities that locality corn conditions are reported better and for the reason that there have been frequent rains and at times when the moisture was the most needed. I was talking recently to a man who had just returned from a trip all through the northern part of the state and from what he told me there are good reasons for expecting a crop somewhere near normal in that part of Illinois."

Mr. Stevenson has this year about 150 acres in corn and said when asked about the price being offered for new corn that he was paying no attention to that matter as he was in no way anxious to contract his crop. He said that he was very willing to take his chances on the fall market and believed corn would command a good stiff figure. While some corn has been sold at the Chapin elevator to Mr. Perbix for 53 cents and some as high as 56 cents, most of the corn which has been contracted has been at 50 cents. This is the price which has been offered during recent days at Alexander and Joy Prairie elevators. At Alexander it is said that a large quantity has been contracted.
